3 Year Extended Parts Warranty

Do you want the peace of mind that your gate, barrier or bollard installation is not only safe, looked after, maintained but also has a full parts warranty for three years?

- Simply sign up to a 3-year Gold service plan
- For new installs, the 1st year is on us!

If your gate has already been installed by us within the last year – its not too late! Sign up to a 2 Year Gold plan and your parts are covered too.

Gold Service Plan & 3-year Extended Parts Warranty

Recommended for gate and barrier systems used up to 50 times per day. Section 3, Health & Safety in the Workplace Act 1974 asks if your equipment is safe and maintained. Let Solar Gates answer 'Yes' for you.

- **Gate MOT & Safety Assessment** including force test and technical file production to TS011
- **2 full annual service** visits and recalibration/set-up visit including a full safety check and advice on any malfunction the system may have at the time of service or assessment.
- **Unlimited breakdown**, standard, call-out within 72 hours of report, although we aim for next day.
- **All labour** and consumables required to carry out the service, repairs and safety checks.
- **Full parts cover for 3 year from the date of original installation**

£1150 + VAT for 3 years (from installation) all-inclusive cover (to pay over 4 instalments, just ask)

Platinum Service Plan & 3-year Extended Parts Warranty

- **As Gold, with 4 full annual services** and extended parts warranty.

£1950 + VAT for 3 years all-inclusive cover (to pay over 4 instalments, just ask)

I agree to the Extended Warranty Terms & Conditions

All service and extended warranty plans exclude:

Accidental or malicious damage to the system or user error that affects its operation. Out of hours, weekend or bank holiday call outs will incur an additional charges, refer to www.solargates.co.uk/service/repairs for costs. See Extended Warranty terms and conditions for full details and exclusions. All prices exclude VAT and are correct at time of print. It is assumed that all underground work will not encumber any underground services i.e. drains, electricity etc. Should any of these be damaged during the installation then all reparation cost must be borne by the customer. New gates and barriers maybe subject to planning restrictions, and permission should be sought. All goods supplied to Solar Gates UK LTD standard terms and conditions.
